Importance: High

David,

Further to my approval letter dated 30 November which was sent to you recently on the above scheme we have amended one of the conditions relating to evaluation and added a new one under the Full Approval section. They are:

"Lincolnshire County Council may, as previously set out, be required to undertake an evaluation of the scheme in line with DfT guidance at your own expense. We will inform authorities this coming Spring whether they will need to undertake a full evaluation and the process for agreeing its scope or whether a less detailed evaluation will be sufficient. All authorities will in any case be expected to monitor the impact of their schemes and we will issue guidance for doing this in due course."

And at Full Approval we will require:

an assessment of the Social and Distribution Impacts of the scheme (conducted in line with DfT guidance) which, where appropriate should include details of appropriate mitigations.

I would be grateful for confirmation that you accept these slight amendments to the approval letter.

Regards,

Robert
