The Inclosure award for Ancaster (Sudbrook) 1770 says that the road starts at a gate from a road in Carlton parish. This must infer that the road in Carlton is also a Public Carriage road otherwise it would be pointless extending the road to the Parish Boundary. The other maps show the road up to 1828 a period of 58 years of useage. This road should therefore be shown on the Definitive map as a Byway Open to All Traffic.
