I believe that a Highway of an high. Status exist
From Owston Ferry to the metelal Highway in East
Ferry known as ~~the~~ KINNARD FERRY. (King Edwards Ferry)
who gave it a Royal Charter sometime before his Death in Feb 1066.

The East Ferry Side does not appear to be on the Duxfordshire
Map. of any Grade of Highway.

I do not believe a private individual can own a highway of this
Status. Or be allowed to Block (extenuish) a lower one.

This is Part of our Heritage.

If anyone wanted to Re Start the Ferry Services in the future
this land in Private Ownership would Prevent them.

It might become Built on.

It as been in Public use for such a long Period of time
it should be easy to Prove the escustand of on Hedeway
under common law.

The Piece of land in Question is that Tarmoe Strap ~~from~~ West
of High Street EAST FERRY to low water mark Runnery through
what the Publcain of the House Iron Public house claims
to be his. The Tarmoe Pond Area was laid by the CT

As marked on enclouse Map. in 1964.
